(7)

The PARTY which goes from HOME

SHALL have the choice of the innings and the pitching of the wickets, which shall be pitched within thirty yards of a centre fixed by the adversaries.

When the parties meet at a third place, the bowlers shall toss up for the pitching of the first wicket, and the choice of going in.

The BOWLER

MUST deliver the ball with one foot behind the bowling-crease, and within the return-crease; and shall bowl four balls before he changes wickets, which he shall do but once in the same innings.

He may order the player at his wicket to stand on which side of it he pleases.

The

15.—The Bowler may require the Batsman at the wicket from which he is bowling to stand on that side of it which he may direct.

16.—The Striker may hit a "No Ball," and whatever runs result shall be added to his score; but he shall not be out from a "No Ball," unless he be run out or break Laws 26, 27, 29, 30. All runs made from a "No Ball," otherwise than from the bat, shall be scored "No Balls," and if no run be made one run shall be added to that score. From a "Wide Ball," as many runs as are run shall be added to the score as "Wide Balls," and if no run be otherwise obtained one run shall be so added.

Notes on Law 16.

(See Law 13 and Note.)

When a run is made by the bat off a "No Ball" only the run to the batsman should be scored and not the "No Ball" as well. If one run is attempted and the batsman is run out the "No Ball" alone counts. If runs are made off a "No Ball," although the runs are scored and not the "No Ball," the bowler is allowed another delivery.

When Byes or Overthrows are run from a "Wide" they are scored as "Wides."

A Batsman may be out "hit wicket," when striking at a "Wide."

17.—If the ball, not having been called "Wide" or "No Ball" pass the Striker without touching his bat, or person, and any runs be obtained, the Umpire shall call "Bye"; but if the ball touch any part of the Striker's person (hand excepted) and any run be obtained, the Umpire shall call "Leg Bye," such runs to be scored "Byes" and "Leg Byes" respectively.

18.—At the beginning of the match, and of each innings, the Umpire at the Bowler's wicket shall call "Play"; from that time no ball shall be allowed to any bowler on the ground between the wickets, and when one of the batsmen is out, the use of the bat shall not be allowed to any person until the next batsman shall come in.

19.—A Batsman shall be held to be "out of his ground," unless his bat is in hand, or some part of his person be grounded within the line of the Popping Crease.

Notes on Law 19.

It is sufficient if part of the batsman's foot is grounded within the line. If the foot is on the line, but no part is within the batsman would be "out of his ground."

If the batsman is in the act of jumping in the air and the bat is also off the ground he would be "out of his ground."

THE POPPING CREASE.

8.—The Popping crease shall be marked four feet from the wicket, parallel to it, and be deemed unlimited in length.

NOTE.

(a) The distance shall be four feet from the centre of the stumps to the inside edge of the Popping crease.

THE GROUND.

9.—The Ground shall not be rolled, watered, covered, mown, or beaten during a match, except before the commencement of each innings and of each day's play, when, unless the In-Side object, the ground shall be swept and rolled for not more than seven minutes. This shall not prevent the batsman from beating the ground with his bat, nor the batsman nor bowler from using sawdust in order to obtain a proper foothold.

(Revised 6th May, 1931.)

NOTES.

(a) (i) Prior to tossing for innings, the executive of the ground on which a match is to be played is responsible for the selection and preparation of the wicket.

(ii) The batting side has a right to have the ground swept and rolled for not more than seven minutes immediately before the commencement of each day's play. It is the duty of the captain to see that his side obtain this advantage. The ground in this Law means the "pitch." The responsibility of supervising the rolling of the pitch before play will in the first place rest with the umpires, who, however, are not obliged to stand near the wicket in order to supervise the rolling, which must be completed so as to allow the play to commence at the stipulated time.

(b) In week-end starts the wicket shall be mown, under the supervision of the umpires, on the first day on which the match is resumed.

(c) Before and after the actual commencement of play the ground may be protected when necessary, and shall be protected every night during the continuation of a match, but the covering shall be removed each morning, if fine, at 7 o'clock. The covering must not protect more than 3 ft. 6 ins. in front of the Popping crease.

(d) In order to facilitate play at the earliest possible moment in wet weather the umpires shall see that the foot holes made by the bowlers and batsmen are cleaned out, dried, and filled up with sawdust at any time during the match, although the game is not actually in progress.

ADDITIONAL LAW FOR AUSTRALIA, NEW ZEALAND AND SOUTH AFRICA.

9*.—In the event of rain falling on any day after the commencement of a Match prior to or during the currency of that day's play the groundman shall cause the wicket to be swept and rolled for not more than ten minutes after the close of that day's play, at any time before the commencement of the next day's play, whenever he is of the opinion that such rolling will improve the wicket, and he will use such roller, after consultation with the two captains, as he thinks best calculated to produce that effect. This sweeping and rolling shall not affect the right to sweep and roll provided for in Law 9 of the Laws of Cricket.

(Introduced 3rd May, 1922. Application extended to New Zealand 7th May, 1924, and to South Africa 2nd May, 1928.)

NOTE.

(a) In all First-class matches, and whenever possible in other cases, the executive of the ground will appoint a responsible officer to supervise any rolling carried out under Law 9*.

2.3 Consultation with captains

Before the toss the umpires shall

2.3.1 meet with the captains; the umpires shall determine

2.3.1.1 the balls to be used during the match.

See Law 4 (The ball)

2.3.1.2 the hours of play and the times and durations of any agreed intervals. In a match of one day's duration, no specific time need be agreed for the tea interval. It may be agreed instead to take this interval between innings. See Law 11 (Intervals).

2.3.1.3 which clock or watch and back-up time piece is to be used during the match.

2.3.1.4 the boundary of the field of play and allowances for boundaries, including whether any obstacle within the field of play is to be regarded as a boundary. See Law 19 (Boundaries).

2.3.1.5 the use of covers. See Law 10 (Covering the pitch).

2.3.1.6 any special conditions of play affecting the conduct of the match.

2.3.2 inform the scorers of agreements in 2.3.1.2, 2.3.1.3, 2.3.1.4 and 2.3.1.6.

2.4 The wickets, creases and boundaries

Before the toss and during the match, the umpires shall satisfy themselves that

2.4.1 the wickets are properly pitched. See Law 8 (The wickets).

2.4.2 the creases are correctly marked. See Law 7 (The creases).

2.4.3 the boundary of the field of play complies with the requirements of Laws 19.1 (Determining the boundary
